

MR. JOSEPH PYE
Superintendent

Dorchester
School
District Two

102 GREEN WAVE BOULEVARD SUMMERVILLE, SC 29483 • (843) 873-2901 • FAX (843) 873-4053

School Improvement Building Program

- Four new schools will be constructed to include three elementary and one middle school of the arts
- Major expansions at Eagle Nest Elementary, Oakbrook Elementary, Oakbrook Middle, Flowertown Elementary, Newington Elementary, Summerville Elementary, Alston Middle that will include multi-purpose rooms, lunchroom expansions and additional classroom wings in some cases
- All three high schools will have facility additions for a major expansion of the career and technology programs to better prepare students for the workforce
- Badly needed repairs for many schools to include roof replacements, new HVAC systems and upgraded student restroom facilities

The building program will benefit all schools as the student populations will be downsized to alleviate the overcrowded conditions at most of our schools. This will also provide relief for the overtaxed core services in the lunchroom, media center, and bus transportation. In addition, enlarged facilities at the three high schools will accommodate an expansion of programs such as aerospace engineering, culinary arts, bio medical studies, horticulture and other career readiness opportunities.
