Closely monitor cohort, school and building level data for the need to isolate/quarantine

DD2 tracks the number of students and staff who have tested positive for COVID19 or who are quarantined due to close contact with someone who has tested positive for COVID19 since August 20, 2020. Data related to COVID19 positive students on this dashboard includes only face-to-face students and students involved in extracurricular activities. Parents are notified if and when a COVID19 positive individual has been present within their child's classroom or within close contact of their child.

# WHICH DATA POINTS WILL WE CONTINUE TO REVIEW?
