INITIAL CREDIT

Students who finish their course with a final grade of 0-49 and want to attempt the credit again, or students who want to take a course for the first time may take that course through Virtual SC. Students should meet with their school counselor to determine if this is an appropriate path for them.

Initial Credit classes are offered through Virtual SC and students will complete the work online independently over the summer. Students who need support are encouraged to come to campus for help.

Virtual SC Info Night is Tuesday, May 16 at 6:30pm in the Media Center. Please attend to find out more!
