Safety Procedures

The safety of students and staff is our number one priority. The school district collaborates with law enforcement agencies and elected officials to ensure that all schools maintain a safe learning environment. Below are procedures and strategies in place to ensure schools are safe:

- The school district and all schools have a safety management plan
- A district safety/security coordinator assists schools with security plans and systems
- Resource officers are at all schools or are in close proximity to a campus
- All schools have a secured entrance way and security cameras on the interior and exterior of the building
- Each school has a visitor check-in and check-out system in the lobby to help ensure that no unauthorized

person enters the building

which is used for instructional materials and programs.

person enters the building

- The school district and all schools have phone messaging systems to keep parents informed. (**Please be sure your child's school has your up-to-date contact information**)
- Safety drills for students and staff are conducted during the year for fire, earthquake, severe weather, and lockdowns for possible threats to the campus. (During a lockdown all classrooms and entrances are locked, students and teachers remain in the classrooms, and no one is permitted to leave or enter the building until the situation is resolved. Staff and law enforcement are in hallways and common areas in the building.)
- The Board of Trustees formed a Safety Task Force working to improve security initiatives in schools.

Bus Regulations & Safety

The safety and security of children is of utmost importance to the Transportation Department of Dorchester School District Two.

- Students must ride the bus to which they are assigned and get on and off the bus at their assigned bus stop
- Parents/guardians requesting an exception to the rule must put their request in writing to their child's principal at least one day before requested change.

BUS SAFETY TIPS

- Arrive at the bus stop about 10 minutes before the bus is scheduled to arrive.
- Do not run and play while waiting for the bus.
- Wait for the bus to arrive, watch for red flashing lights and the extended stop sign. If you must cross the street to get on the bus, wait for the driver to direct you to cross, looking both ways before crossing to make sure all traffic has stopped. Cross in front of the stopped bus. Do not run alongside the bus when it is moving.
- Go directly to your seat and remain seated, facing forward for the entire ride.
- Talk quietly so the driver will not be distracted.
- If you need to talk to the bus driver, wait for the bus to stop, raise your hand and call the driver's name.
- Be kind and respectful to others.
- If there is an emergency, listen to the driver and follow instructions.
- Wait for the bus to come to a complete stop before leaving your seat to exit, staying away from the bus wheels and watching out for moving cars.
- If you leave something on the bus, do not return to get it. Ask the bus driver for permission before you pick up dropped items.
- Go straight home; do not talk to or accept rides from strangers.

LATE OR BROKEN-DOWN BUS PROCEDURES

If a bus breaks down, the Transportation Department notifies the school. There are radios on all buses to enable drivers to quickly notify the Transportation Department should problems occur. Bus Route information can be obtained at your child's school, at bus.ddtwo.org, or by calling the Transportation Office at (843) 873-6196. Parents should contact their child's school or the Transportation Office if their child's bus is late or if they have concerns or questions.

Plans are underway for Edulog Portal which will be a new component of the school bus routing and management software. This is a free smartphone app that will allow parents to track and receive notifications about their students' bus schedules, including delays and other bus issues that may occur. Please monitor the bus transportation webpage at bus.ddtwo.org for instructions to download and set up this free app in the near future.

Inclement Weather Plans

The decision to cancel school due to hazardous weather conditions is made by the Superintendent and district officials. This decision is made as quickly as possible based on close communication and coordination with the National Weather Service, Dorchester County Emergency Preparedness Department, SC Highway Patrol, local law enforcement, and key district personnel. The safety of all children is a primary factor in the decision to cancel school.

Once the decision is reached to cancel school, parents will be notified in the following ways:

- Through our phone messaging system
- Posted on district website and social media pages
- Local television, radio stations, and newspapers

Breakfast & Lunch

Breakfast and lunch are available to all students. Menus, meal prices, and online meal payment information are available on the district website, do.ddtwo.org. Applications for free and reduced price meals for qualified students will be in registration packets and available at each school. For more information, call Food Services at (843) 695-4920.

How Can I be Involved in My Child's School?

PTA/PTSA (PARENT/TEACHER ASSOCIATION)

All schools in Dorchester School District Two have active PTA/PTSA's that provide support and resources to enhance the school learning environment. Parents and the community are encouraged to be active members of the PTA/PTSA as they advocate for all children. You will have a chance to join this organization during Fact & Fee and at other school events.

SCHOOL IMPROVEMENT COUNCIL (SIC)

SIC is a broad-based community advisory group comprised of parents, teachers, and community members established in every school. This advisory group works with the principal to cultivate a positive school environment supporting student success. The Council welcomes your involvement to share ideas for projects and initiative to improve your child's school. For more information, contact your school or visit the South Carolina SIC website at sic.sc.gov.

VOLUNTEERING

Parents and community members are valued and welcomed partners in our schools. Volunteer opportunities are abundant including reading stories to students; mentoring and tutoring; assisting with field trips; speaking to students; beautification of buildings and grounds; helping in classrooms; and so much more. To be involved contact a local school or visit the district website: ddtwo.org.

SUPPORT THE DORCHESTER TWO EDUCATIONAL FOUNDATION

The Dorchester Two Educational Foundation was created to bridge the gap between funding provided for basic education and the resources required to give students a world class education - one that prepares them for success. Visit the Foundation website at dd2foundation.org to learn more about their work to provide resources for our classrooms. For more information on the above programs, contact the Public Information Office, 843-695-5336.

Helpful Resources

For information on district policies regarding dress codes, attendance, student conduct, etc., check out the Parent/Student Handbook, visit do.ddtwo.org, or call your child's school. Please refer to page 6 of this guide for a directory of programs and key personnel.

Dress for Success: What NOT to Wear to School

Certain attire is not appropriate in the school setting. For complete dress code policy, refer to the Parent/Student Handbook or District Website at do.ddtwo.org. Here are a few tips:

- Sunglasses (unless they are RX sunglasses)
- Hats, head stockings, sweatbands, and bandannas
- Tank, halter, tube, bathing suit, spaghetti string, midriff or see-through tops
- Sagging pants (pants must be worn at the natural waistline and undergarments must be completely covered), tennis or mini-skirts
- Apparel promoting obscene, vulgar, racial, ethnic, sexual, or religious prejudices, gang-related groups, alcohol, cigarettes, or drugs of any kind.

- The standard for wearing shorts or dresses/skirts is that when standing with arms hanging to the side, the area on the leg where finger tips touch should be the hemline of the shorts or dress/skirt.

Attendance Policy

Students are expected to be in attendance 180 days each year. It is the student's responsibility to see that his/her parent or guardian notifies the school attendance office regarding absences.

Regular attendance in school is mandatory for the student to gain the maximum

benefit from his/her education; therefore, his/her absences will be thoroughly verified by school officials.

Three consecutive or five or more unlawful absences could result in a Pre-Court Intervention Conference (PCIC), and your child identified as TRUANT per SC State Board of Education Regulation.

If a child must miss school due to an illness, appointment, etc., he/she must submit a written excuse within 3 days of returning to school. If a written excuse is not received, the absence will be considered unlawful. The student's excuse should include the following:

- Date excuse written and the dates of the absence(s)
- Reason for the absence(s)
- Telephone number and signature of parent/guardian
